

Notice No.: TECH-2007-031

Issue Date: October 24, 2007

Sub.: Mock Trading for Steel Rebar Futures

Notice to all concerned

Sub.: Mock Trading for Steel Rebar Futures

In pursuance of By-Laws of DGCX and Clearing Rules of DCCC and Notice # TRDG-2007-030 issued on October 4, 2007, it is hereby notified as under:

In order to provide an opportunity for members to get themselves familiarized with proposed listing of Steel Rebar Futures contract for trading on the Exchange with effect from Monday, October 29, 2007, a Mock Trading session is planned on Saturday, October 27, 2007. This Mock Trading session will be conducted from 1100 to 1300 hours.

To ensure that Mock Trading data is not mixed with Live trading data at Member's end, Mock Trading shall be conducted using Mock Trader Work Station (TWS) software. Members are advised to follow the procedure as illustrated in Annexure 1 which is enclosed herewith regards to download and installation of the Mock software.

Members may please note that trades executed during Mock Trading sessions are not merged with their actual positions and it will not have any financial implication on them.

The details of the schedule of events and other relevant information are as given below:

Schedule of Mock Trading sessions	
Mock Session	October 27, 2007
Timings during Mock Trading session	
Log-in Period	1000 to 1100 Hours
Mock Trading Period	1100 to 1300 Hours
Reports download from FTP Server	After 1430 Hours
Revert back to live(Verification Testing)	1500 to 1530 Hours

Procedures to be followed during Mock Trading sessions

Download of TWS Version 7.0.0.1

The mock set-up files are already available on the FTP server. Members are requested to download those set-up files and install it in their respective PCs. Separate icons will be created in the desktop as “DGCX TWS Test” & “DGCX Member Administrator Test” for the TWS & MAT applications respectively. Please refer Annexure -1 for more details.

Login procedure

There is no change in the login procedure. Members can use their existing User ID and corresponding passwords to log-in to the exchange for the Mock Trading.

PORTS Users

PORTS (Private Order, Risk Management & Trading Software) users are requested to login to our Mock Environment through the FIX gateway using their existing user ID and the corresponding password.

Post trading activities

After the Mock Trading, the Exchange will generate reports which shall be available in the FTP server (under Mock folder). Members may download the reports from the FTP Server for verification purposes after 1430 hours. To reiterate, the trades executed in Mock Trading sessions will not involve any financial obligation for pay-in and pay-out.

Revert back to live

No additional activity is required for the live trading. Members have to start the respective live application from their desktop for the same. However, as a precaution, members are requested to logon to the live system after participating in the Mock Trading to avoid any log-in problem on the next trading day in the live environment. The live system will be available from 1500 to 1530 Hrs for the same.

Members are requested to take note of the same. In case of any clarifications, members may contact DGCX Support Team for any further assistance.

Annexure 1 - Steps for downloading Version 7.0.0.1 for participating in Mock Trading

a) Internet users

Internet users can download all the necessary set-up files from the existing FTP server (ftp.dgcx.ae) and the corresponding path should be:

“Common/Setup/MockSetup/Internet”

b) Trader Workstation (TWS)

Members are requested to download **DGCXTWSMock70.EXE** for DGCX trader workstation and kindly install the same after downloading and the users can see new icon such as **“DGCX TWS Test”** in the desktop.

After installation please open the **“DGCX TWS Test”** and login to the mock environment as per the above mentioned timeframe.

c) Member Admin Terminal (MAT)

Members are also requested to download and install the file **“DGCXMATMock70.exe”** for Member Administration Terminal. On successful installation the user can see a new icon **“DGCX Member Administrator Test”** on the desktop.

Kindly double click the icon to connect the mock environment.

d) Lease Line /ISDN Users

All the leased line / ISDN users can download all the relevant files from the following folders of the FTP Server (<ftp://192.168.70.60>),

“Common/Setup/MockSetup/LeasedLine”

The software installation procedure will remain same as mentioned in the above section.

Note : Members who have participated in our last Mock session dated June 2, 2007 can use the same application for this Mock trading.
