

Notice No.: MKTG-2009-010

Issue Date: March 19, 2009

Subject: Invitation to Apply for Liquidity Provider status in the Gold and Crude Oil Futures Contracts

Notice to all Members,

Subject: Invitation to Apply for Liquidity Provider Status in Gold and Crude Oil Futures Contracts

This notification is made pursuant to the DGCX By-Laws and the DCCC Clearing Rules.

The Exchange hereby invites Market Participants to apply for Liquidity Provider ("LP") status in the Gold Futures (DG) and Crude Oil Futures Contracts (DWTI) ("Contracts"). The LP Scheme shall be open to all Market Participants.

The LP Scheme shall run for an initial term ("the Term") of 4 weeks from start of trading on Monday, March 23, 2009 to the Close of Trading on Friday, April 17, 2009. The scheme shall be renewed for equivalent periods at the Exchange's discretion.

The Exchange shall pay a stipend to the selected LPs to reflect the cost to the LP of meeting the minimum daily volume commitments.

Applications should be submitted by email to relationship management at RM@dgcx.ae by 1700 hours on Friday, March 20, 2009. Applicants should state in their application the obligation they wish to meet in respect of the minimum average number of lots per Trading Day over the Term for each Contract.

The Exchange shall select, at its discretion, a limited number of LPs in the Contracts. All LP applications will be evaluated through a competitive tender process by a review panel comprising Exchange officials. The Exchange's decision shall be binding on all applicants.
